

Introduce an Artist Scholars Speak June 2019

Introduce an Artist

Your assignment this month is to research an artist. Learn about the artist's life, his or her interests, and the people, places, etc. that influenced this artist's artistic style.

Paragraph one

Introduce your artist. Tell us where he or she was born, any interesting things about their life, and any information about how they got interested in art. Did your artist have any influences? Did he or she study with other artists?

Paragraph two:

Tell us about your artist's art. Do they create sculptures, weavings, paintings? Do they work in a specific type of medium (oils, pastels, charcoal, watercolors, clay, iron, etc.) What genre of art fits them best? (Abstract, Realism, Impressionism, Expressionism,) Make sure to introduce us to the "language of the discipline." (Use art vocabulary to talk about the work your artist produces.)

Google Slide Show: You will make a Google Slide presentation to go along with your artist. Your slides should include pictures of your artist's most important or well known works of art.

Create Your Art:

Use your artist's style as an inspiration to create your own original work of art, or to "copy" an artist's work.

Genre: Informational

Paragraphs: 3-4 maximum
